

International FIFA 08 gamersNET Cup - Rules

Every Player has to idle in the IRC Channel #gamersNET.cup until he is out of the cup. Every IRC Bot of the games have to be in the channel #gamersNET.cup. It is necessary to have a IRC Bot. Only one Player per Match has to run it.

Every game is played in Best of three mode per direct IP. The player that is above the other in the bracket has to host the first game. The second game then has to be hosted by the other player. If a third game is needed, it has to be hosted by the player who hosted the first game.

At the end of a best of three you have to upload the screenshots of every played game on our site. If a player drops during a game the rest of the time has to be played out. The scored goals will stay. No teams are forbidden! You have the free choice with which team you want to play.

Therefore, it's necessary to play with the Multipadpatcher by Dadeather (www.fifabot.eu).
